

AIRFLEX 1500

TECHNICAL DATA

Weight	6.000 kg
Length	6.440 mm
Width	2.300 mm
Height	2.250 mm
Feed conveyor belt	
Belt width	1.500 mm
Drive power	4 kW
Separation drum	
Diameter	800 mm
Drive power	1,5 kW
Rotation speed	39 rpm
Fan	
Power	30 kW

The technical data are approximate and depends on the machine equipment (subject to change without notice).

Applications

The AirFlex 1500 windsifter can be combined with various ALLRECO screening systems. The result is a high-performance processing unit at the highest technological level. Appropriate input materials for the WS series are commercial waste, refuse-derived fuel, biowaste, waste wood, compost, and light mixed construction waste.

All advantages at a glance

- Separation in up to 3 fractions (heavy, light, superlight fraction)
- Trouble free use
- Option disc spreader: Even material distribution over entire sifter width
